PANDEMIC RECOVERY FUNDS TIMELY FOR DOWNTOWN POTTSTOWN BUSINESSES

**PAED confirms \$189,940 in Small Business Grants Focused on
Minority, Women, and Veteran-Owned Businesses
through Pandemic Recovery Funds**

Pottstown Area Economic Development (PAED) recently confirmed \$189,940 in grants for nearly two dozen small businesses within the Borough of Pottstown. "These pandemic recovery grant dollars came at just the right time for many of these small businesses," said Peggy Lee-Clark, PAED's Executive Director. "The owner-operators in the Borough of Pottstown have weathered the pandemic storm, keeping the doors open, employees working, and the operation running. For many businesses, these funds were necessary after years of income decline and increased costs. The Montgomery County Recovery Office allocated these funds with a focus on minority, women, and veteran-owned businesses."

Businesses were required to: have fewer than 50 employees, including full time and part time; revenue of \$500K or less; independently owned and operated; and qualify as a Small Business under the Small Business Act. Businesses owned by minorities, women, and veterans were the primary focus, although business owners that fall into other categories were not prohibited from applying or receiving funds.

Grant awardees were determined by the Montgomery County Recovery Office based on the business' demonstrated financial impacts. Grants received were to be used for payroll and benefits, costs to retain employees, mortgage, rent, utility, and other operating costs.

PAED was proud to connect Pottstown businesses with the Recovery Office to ensure this opportunity was not missed

The grant program for cash grants up to \$20,000 to qualifying businesses in Montgomery County were made available for businesses: a.) located in a qualifying community of Pottstown or
