## Haly Home Comfort — Keeping Customers Comfortable

Haly Home Comfort is a Malvern-based business that has been serving customers for over 30 years in Chester, Montgomery, Bucks, and Delaware counties. Keeping customers comfortable at affordable rates is the goal they reach for every single day. After a warm summer keeping customers cool, Haly Home Comfort and their sister company Great Valley Propane are readying for polar temperatures and the snow- offering great rates on fuel and heating units to ensure maximum home comfort- because no one wants to have a service call with no heat at 7 am in 10-degree weather!

However, Haly Home Comfort offers 24/7 emergency services just in case customers need them, by being accessible by phone, live chat, email or internet. They are offering several specials for new home heating systems, so they urge people to call 610.251.0342 for complete details.

Great Valley Propane offers propane for your fireplaces, generators, and grills. Haly Home Comfort is a one-stop shop for all home equipment needed to stay comfortable- hot water heaters, boilers, furnaces, generators, and mini-splits. Haly uses the Amana brand for heating and AC, bringing along a legacy of comfort that ensures happy homeowners.

They perform oil to propane tank conversions if you are looking for a cleaner, less expensive fuel for heating and cooking. Haly Home Comfort also works with local construction firms, offering dumpsters at affordable prices by the week and offer propane for homes during construction at NO charge. Haly Home's Comfort service associates are the reason customers love to work with Haly- they know they only have to make one call to get their home comfort taken care of, and they know they will always speak to someone they know. Haly keeps people warm in the winter and cool in the summer. Plus, Haly offers a referral program- refer a friend and get a \$100 credit on your account, and your friend benefits with \$100 too. Want to be warm — call Haly Home Comfort today at 610.251.0342 or see halyoil.com.
