

JT's Gourmet Delivery

**JT'S GOURMET DELIVERY
IS NOW HEADED INTO ITS
7TH YEAR IN BUSINESS.**

My name is Jim Thomson. I started JT's Gourmet January 12th of 2012 with the help of some of my customers, after six and a half years with Horizon Foods, staying with them until Dec 21st of 2011 when they closed their doors.

Over the past six years I have grown the company with the help of my fiancée, Robin Jumbelick. I pride myself on delivering of the finest quality and tasting foods available in the "marketplace" today.

The food products I provide are grown and raised by the highest standards for natural and organic quality — So much so that "I" Guarantee the food for taste and quality. I have been a member of the TriCounty Area Chamber of Commerce for the last three+ years.

The food items I provide are vacuum sealed and flash frozen to insure freshness. Flash-freezing is a revolutionary process of "quick freezing" within seconds, which aids in locking in flavor, freshness and nutrients for a health balance.

I offer hand cut Black Angus Prime Beef, Antibiotic Free Chicken, Wild Caught Seafood, and Jumbo Lump hand-made Crab products from the Eastern Shore of Maryland, shipped fresh and direct.

I can accommodate special requests for Gluten Free, Organic, Hormone Free and Natural Products. I have everything you need from appetizers to desserts to help plan your meals. If you're looking for a product that I don't have that day, just ask and I can probably get it for you. My goal has always been to please my clients with the finest quality products.

You can find "Specials" on my Facebook page — JT's Gourmet Delivery LLC. I currently deliver to customers within a 75+ mile-radius of Reading, and maintain a client base of around 200. I would love to call you my customer. Please feel free to call me or send a text message to 610.914.8765, or email: bigjim@nni.net, so we can get started.
