JESSICA'S FINANCIAL CORNER – QUICK TIPS!

#1 **Have a Plan – if you fail to plan, you plan to fail**

A plan will give you structure and provides a snapshot of your financial position from the top to the bottom. Knowing your net worth will dictate the ability to focus on your next steps, either to save more and build retirement assets or repay debt, or a combination of both. It will clearly identify your income and expenses and enable you to project your needs in retirement. Assets can be leveraged to address your unique needs over the short, medium and long term.
