## BUSINESS PROFILE

### DESCCO Design & Construction, Inc.

DESCCO Design & Construction, Inc. is a family owned design/build construction company with over 40 years of experience in constructing thousands of projects here in Berks County and beyond. Our team includes licensed engineers, business professionals and staff with advanced degrees in building construction. Our experienced craftsmen are passionate and meticulous about every detail on their jobs. DESCSCO offers design/build, planning, budgeting, coordination and construction services for every project.

One of our goals when planning a project is that we help to improve your environment, whether it be a business office, a retail facility or even a medical office. When we improve the environment of your business, it has a positive effect on the attitudes of those who work for you and changes the perception of those visiting your business as either a first-time

guest or as a returning customer. It's a win-win for you because your employees are happier in their work environment and your customers view your business as being successful.

DESCSCO is an expert in creating solutions that best suit our customers' needs while giving them a comfortable and efficient work environment. Whatever your needs might be, no matter how great the task, DESCSCO will work with you to keep your vision, schedule and budget aligned. We offer the highest quality standards to our customers on every project, no matter the size.

If you are ready to take your business to the next level, call DESCSCO Design & Construction today! Contact us now to start planning your next renovation, addition or new construction building project! For more information visit [www.descco.com](http://www.descco.com).
