PHOENIXVILLE
REGIONAL CHAMBER OF COMMERCE

The Phoenixville Regional Chamber of Commerce is an independent organization serving the business interests of Northern Chester, Western Montgomery and parts of Delaware Counties.

The Chamber's mission is to "advance the principles of free enterprise by providing the leadership which will enhance the economic climate of the region, address the priority needs of its members, and interact with other individuals and organizations for the overall benefit of the business community."

From the President's Desk:

COVID-19 has changed how we live and work, swiftly. We all have worries, about our family and our friends, and also about our communities.

We are encouraging all people to continue to support our local businesses — your friends and neighbors — in the ways that you can.

Many businesses are working to provide alternatives, like online ordering and delivery services.

In the ways you are able, please support local businesses. You can order take-out, purchase gift cards, or order online for delivery. If you are not in a position to spend, please share! Tell your friends and family or share on social media.

We have developed www.SipSavorShopPXV.com, a website that shares updates and information about what local businesses are offering.

We also have links to updates and resources housed on the Chamber website.

We recorded a video with Congresswoman Chrissy Houlahan on PPP details, which can be found on our website.

We invite businesses to share ideas, ask questions, and to also keep us updated on any changes to your services, business hours, and more.

Small businesses are the backbone to our regional economy. We look forward to continuing to support one another and getting through this trying time together. #InThisTogetherPXV
