

# BUSINESS SPOTLIGHT

Fly Elite is your one stop shop for everything aviation, from flight training and maintenance, to FBO services and pilot supplies. Fly Elite began as a flight school in 1985 under the name of Limerick Flight Center at Pottstown Heritage Field in Limerick PA. Along with its sister company Fare Share LTD, they offered flight instruction, aircraft charter services, and pilot services in a variety of airplanes. In 2014, Fly Elite opened a full service FBO at the Pottstown Municipal Airport in Pottstown PA, merging Limerick Flight Center into a full service aviation business. Now operating out of 2 locations, Fly Elite now owns a full service aircraft maintenance facility, offers flight instruction to all levels of flying, FBO services such as aircraft refueling and detailing, and more.

Fly Elite operates 10 aircraft as part of the flight training department allowing for all levels of training, from basic to advanced. Private Pilot training is the first step for all aspiring aviators to start with. The training includes the FAA mandated total of 40 total flight hours, encompassing training areas such as fundamentals of flight, navigation, emergency procedures, and preparation for the FAA practical flight test. The instructors at Fly Elite have a combined experience of over 75 years of flight training experience. Fly Elite prides itself on a proven record of success in training, but most importantly a consistent track record of safety. We also offer advanced license and rating training to help any pilot further his or her piloting experience. We offer Instrument training, Commercial Pilot training, Flight Instructor training, and High Performance and High Altitude training in our state of the art Cirrus aircraft. Fly Elite currently offers instruction in Cessna, Piper, Beechcraft, Cirrus, and Diamond aircraft.

Fly Elite is proud to be a key player in the economic stimulus in the Pottstown area and beyond in the South East portion of Pennsylvania. With plans to renovate and expand the existing Pottstown Municipal Airport, Fly Elite is looking to further the economic growth in the SE Pennsylvania. With plans of a larger runway, air shuttle service, restaurants, and more, Fly Elite will be laying the groundwork for economic growth and the creation of more jobs to help provide the boost that the area needs to emerge as a valuable player in the business community. Every year, Fly Elite hosts an Open House at the airport to provide a step into aviation for everyone, and has proven to be a huge community event, typically bringing in 250-500 people.
