

Volunteers from Constellation Energy help make Bon Homie Adult Day Center Olympics a special day

Bon Homie celebrates Adult Day Care Week in September of each year. During the week there are a lot of activities that take place to celebrate the services we offer, two client favored events are the talent show, and Olympics Day. For the "Olympics Day" to fall into place and run smoothly we need volunteers. A group of special people come out from Constellation Energy every year to help with this day. This awesome group of volunteers spend the entire day at the center in support of our clients and staff with the Olympic activities.

The volunteers arrive early in the day and help with the set-up. Tents are erected, games are laid out and volunteers decide who will man the games. The rest of the volunteers are needed to help escort the clients out into the gaming area. Once the games begin, the volunteers spend the rest of the morning taking clients to each activity station supporting them so that they can participate.

Professional EOS Implementer®

What Is EOS?

The Entrepreneurial Operating System (EOS) is designed to help owners, leaders, and managers of entrepreneurial companies address these common frustrations:

- **Lack of control** — over time, markets, or the company
- **People** — who don't listen, understand, or follow through
- **Profit** — there's not enough of it
- **Growth** — they can't seem to break through to the next level

Using a simple set of powerful, practical tools, leaders learn to run their businesses more efficiently and effectively to experience more consistent growth — and have freedom to pursue other passions!

2 Ways to Learn About EOS

1 Request a free copy of *Traction* by Gino Wickman. Contact me to request a free copy of the book that started it all, *Traction* by Gino Wickman, creator of EOS.

2 Schedule a free 90-Minute overview of EOS. This session is designed for the leadership team of an entrepreneurial company. During the meeting I will paint a clear picture of the system to help the team decide whether to move forward with EOS.
