CELEBRATING NATIONAL CYBER SECURITY AWARENESS MONTH

PC Ninja Computer Services & Solutions

Melvin Foo proudly owns and operates PC Ninja. A Chinese-Malaysian with an international background, Foo was born in Singapore and attended elementary school there. Higher education took him to the United Kingdom, with university degrees earned in Wales and England. After working briefly in Australia, Foo moved to the USA to work for an engineering company in Cleveland, Ohio. He finally settled in Berks County, where PC Ninja was founded in 2010 after the birth of his first son. Foo became a proud US citizen in 2015.

With over twenty-five years of Information Technology experience serving large corporations and governmental establishments, Foo created a way to utilize his skills to serve residential customers within the Berks County area. Starting out in an office in Leesport doing primarily computer repair, PC Ninja has

since evolved into a full-service technology company serving commercial and industrial customers within Berks and beyond. PC Ninja helps businesses with computer repair, network design/installation/setup, security implementations, backup and storage systems, cloud phone systems, and regular server/workstation maintenance.

Currently based in Wyomissing, Pennsylvania, PC Ninja partners with businesses to solve their technology problems and assist them in simplifying workflow. Foo says, "We know how technology can be a stumbling block to many individuals and businesses. PC Ninja can tackle the technological challenges, leaving you to focus on what you do best."

For more information about PC Ninja's services, visit www.pcninja.us or call 610.816.5387.
