A FIRST IMPRESSION IS AN IMPORTANT IMPRESSION!

CLEANING TIPS

Provided by Gilbert & Claudia Nazario, Clean Floors & More, LLC

The first impression your business makes on your patients, customers, or clients is going to last. The little things ignored when it comes to the appearance, cleanliness, and smell of your building could be the downfall of your success.

If you must use a restroom that hasn't been cleaned properly, you may think twice about coming back. When the carpeting in a building is filled with stains and foot debris, clients may notice. Customers can easily wonder if the quality of their services are given as little importance as the cleanliness of the waiting area!

It's time to keep it both real and real clean when it comes to your business! That means keeping clean, all day every day.

- Surfaces need to be disinfected and wiped down regularly to maintain a clean environment.
- Restrooms need professional cleaning and sanitizing every day to keep people

Gilbert & Claudia Nazario

healthy and maintain the impression that you really care.

- Floors need to be kept shining, fresh, and stain-free, whether they're vinyl, tile, wood, or carpet.
- Trash needs to be taken out frequently to keep the place looking and smelling fresh.

A professional cleaning company like Clean Floors & More can give you the best advice and a customized program to keep them setting the stage for your business to be successful!
