

BUSINESS PROFILE

Floor Coverings International Montgomery County

Floor Coverings International Montgomery County, headquartered in Collegeville, is owned and operated by husband and wife team Gary Hill and Tracey Soulgés, who launched the company in 2017.

Their business model is completely different than other flooring retailers because they bring the flooring store to your door in their unique Mobile Flooring Showroom! Each branded vehicle is stocked with hundreds of flooring samples from top manufacturers, so customers can see what each flooring option will look like in their own home. No more running back and forth to regular retail stores, lugging samples boards home to find the right flooring style and color. They have it all right there!

Customers appreciate their personalized approach to finding the perfect floor, giving honest advice without high pressure sales tactics and offering competitive pricing. Gary and Tracey pride themselves on educating and supporting their customers every step of the way and have earned over 100 Five Star reviews on Google alone.

Although Floor Coverings International Montco is part of a national franchise which

gives them huge buying power, Gary and Tracey have made this their own business. Gary built it from the ground up through sheer determination, great reviews, and a commitment to quality in every aspect of the business. Floor Coverings International Montco is a business built on relationships and provides its customers with the absolute best in-home flooring experience. They separate themselves from the

competition through their exceptional customer experience, single point of contact and communication, and a commitment to excellence and community. Floor Coverings International Montco is now their seventh year and the dynamic duo look forward to

working with families and businesses in the greater Montgomery County area.
