## H & F Tire Service

With fall and winter around the corner, it's probably time to prepare for driving in difficult conditions. H & F Tire Service can help make sure your vehicle and its tires are ready for the challenges of winter driving. A car tire has to carry more than 50 times its own weight and steer the vehicle in a straight path regardless of road and weather conditions. It also must absorb bumps on uneven road surfaces and provide a stable ride for you and your passengers. Tires transmit the engine's power to accelerate and the braking force to stop. How well your tires perform these functions depends in part on the quality of the tires and how well they are maintained.

Let H&F Tire Service check your tires' inflation, alignment and determine if any need to be replaced. In the long run, cheap tires won't save you money. They don't last as long as higher quality tires, and may result in a rougher ride and inferior handling. Your goal in tire shopping should be to find the highest quality tire that meets your specific need and budget. H&F Tire Service carries 13 brands including Bridgestone, Firestone, Goodyear, Michelin, B.F. Goodrich. Let our tire professionals help you maintain your tires and choose the right tire for your vehicle. Check us out at any of our four locations: Pottstown, Lancaster Ephrata, and Reading or on the web at [www.hftire.com](http://www.hftire.com).
