

# BUSINESS SPOTLIGHT

## ROYERSFORD - TRE NAIL BAR & PHOENIXVILLE - TRE SPA

Tre in Vietnamese translates to bamboo — a symbol representing soul, strength, and simplicity. This symbol was chosen for both salons (Tre Nail Bar, and sister location Tre Spa Signature) by owner Heidi Truong to exemplify her vision of an all-natural experience with a relaxing atmosphere and exceptional service. Both locations feature bamboo décor and aim to provide a place for customers to feel at ease and take care of themselves. The focus of services provided at Tre are to nourish the mind, body, and soul. Tre's focuses on calming atmosphere and plays relaxing music for ambience — each location has a unique 'tiki bar' style area for Nail Services, and separate rooms for

the other spa services offered: Facials using Dermalogica products and custom-made face masks, Lash Extension (each lash individually applied by lash artists using Silk Lash extensions), Lash Lift and Tint, Brow Lamination, Pedicure, Manicure, Eyebrow services and Wax.

Tre has various memberships Nail, Lash, Unlimited Sauna, which allow you to pay a monthly discounted price for credits to use for services and receive 10% off all additional services within the same month. A yearly membership for 10% or 20% OFF all services is also an available option. Tre has an assortment of products for sale including all-natural and goat milk soap, gift bags of bath bombs, and assorted nailcare items. Tre also sells official Dermalogica skincare products as well! Tre offers easy online booking or gift card purchase via Google, Facebook or website [www.youdeservetrespa.com](http://www.youdeservetrespa.com). This features a live schedule, with same day appointments available pending availability. Stay tuned for upcoming seasonal pedicures (as well as upcoming additions: Volcano Pedicure, and Lavender Pedicure. Follow our Facebook, or on Instagram @trespasig and @trenailbar.

At Tre Spa Signature, there is an Infrared Sauna that can be used to further the nurturing of oneself and lowering of stress. Dr Franklin Goodkin provides reflexology and Reiki services by appointment, as well as a special therapeutic

technique — Hawaiian Lomi Lomi. Master Heidi provides Microblading and Microshading for those who need eyebrow enhancement, for more information visit us online.

The use of all-natural ingredients for pedicure and nail services ensures there is no 'chemical smell' that is often the first thing noticed in a typical salon — making this an environment safe for even those who are pregnant, and those that wish to bring children along. Nail services provided builder gel instead of acrylic, a more natural alternative to achieve the same results without the harsh chemicals.

Tre's manicures and pedicures both use a house-made all-natural lemongrass sugar scrub, with regular and gel manicures featuring a dip in soft, warm, moisturizing paraffin wax. These services finish off with a hot towel and lotion. Nail Art can be found on Tre Instagram and

Facebook feeds! Special spa pedicures last about an hour's length of time and include all-natural yogurt mask, extended massage time and hot stone massage, and a soak with Epsom salt and coconut milk, milk, or tea — and rose petals or sliced lemon depending on your choice of pedicure. Spa pedicures include paraffin for the feet as well, to help fix dry, cracked

heels. Tre's mission is to provide services with quality over quantity in mind, and those of drinking-age looking to pamper themselves can enjoy a pedicure along with a complimentary glass of Red or White wine upon request. Tre also offers booking of events such as bridal parties and other gatherings.

Tre Nail Bar and Tre Spa Signature are both currently hiring those with a cosmetology license, esthetician license, massage therapist certifications, or those with lash technician or nail technician certification that need refreshing course, Tre offers FREE training to new employees or a school tuition reimbursement program for those who interest in a new career.
