“Our goal has always been to help small businesses,” explains Sarah Coveney, CPA and president of Premier Payroll. “Our staff are always willing to go that extra mile to help clients and give them the extra attention that they need. Sometimes the larger providers don’t have the resources to give this extra attention, but we do,” she said.

Premier Payroll Services utilizes isolved’s award-winning human capital management (HCM) software, used by more than 5 million employees to manage payroll and human resources.

With isolved’s secure, cloud-based system, Premier ceaselessly tenders such

essential payroll services as quarterly tax returns, garnishments, electronic tracking of vacation and sick days, direct deposit, general ledger import, custom reporting and administration of 401K plans. Its Employee Self Service module affords 24-hour, online access to personnel information, time off accruals, pay stubs and more. To ensure that personal data remains safe, isolved has a multi-factor authentication software in place.

Along with Time & Attendance, Premier possesses a Human Resources Information System (HRIS) that is fully integrated with payroll. The HRIS simplifies the monitoring of personnel data, including certification and

training status, performance reviews, and contact information. It supplies document management and organizes such documents as incident reports and disciplinary actions. It allows employees to access their payroll information, make changes to their withholdings, and update their personal details, further saving time and reducing workloads.

Versatile, cutting-edge software means nothing to clients if they don’t also receive timely and trustworthy support from their payroll provider. Those working with Premier Payroll know to expect exemplary customer service. It’s an area in which the company prides itself.

Premier’s referrals to third parties are free. Furthermore, there is no commission fee. The absence of these fees exemplifies Premier’s commitment to its clients and its straightforward, affordable business model.

Reliable live phone and email support. Customizable payroll solutions to meet each client’s needs. Innovative, time-saving technology. Dependable guidance and resources. Premier Payroll Services delivers this and more while remaining accurate, affordable and flexible.
