CELEBRATING NATIONAL HOME FURNISHINGS MONTH

Floor Coverings International Montgomery County

Floor Coverings International Montgomery County, headquartered in Collegeville, is owned and operated by husband and wife team Gary Hill and Tracey Soulgles, who launched the company in 2017.

Their business model is completely different than other flooring retailers because they bring the flooring store to your door in their unique Mobile Flooring Showroom! Each branded vehicle is stocked with hundreds of flooring samples from top manufacturers, so customers can see what each flooring option will look like in their own home. No more running back and forth to regular retail stores, lugging samples boards home to find the right flooring style and color. They have it all right there!

Customers appreciate their personalized approach to finding the perfect floor, giving honest advice without high pressure sales tactics and offering competitive pricing. Gary and Tracey pride themselves on educating and supporting their customers every step of the way and have earned over 100 Five Star reviews on Google alone.

Gary Hill and Tracey Soulgles

Although Floor Coverings International Montco is part of a national franchise which gives them huge buying power, Gary and Tracey have made this their own business. Gary built it from the ground up through sheer determination, great reviews, and a commitment to quality in every aspect of the business. Floor Coverings International Montco is a
